Importance: High

We definitely want to go ahead and book this please on the dates below and they would like to have 500 chairs set up for it. The contract, however, would not be with Cornerstone, but with a group called "Preserve Marriage".

What would it cost to have sound system and 2 mikes in the room for audio purposes and a small table to the front. See my email below from last Wednesday for other queries that we have.

Thanks,
Sherry

Sherri

I can offer the Harbourview Ballroom for the three nights \$2,000 per night. Princess rooms at \$1500. That would be the first two nights, last night in the ballroom at \$1500. There is very little to no parking here so you will be charged to park at Waterfront properties and that is \$850 now.

I have copied ESL to give you a/v pricing.

Okay, please go ahead and hold this booking for Preserve Marriage. The sign at the entrance should say the same thing. Please note, Cornerstone Bible Fellowship should not be on anything in reference to this.

I will look out for the BEOs for this and the Board Room confirmation that I sent under separate cover.

Thanks!
Sherry
